## Required Travel Documents

**It is the traveler's sole responsibility to ensure all required travel documents are accurate, valid, and obtained prior to departure. Your travel advisor is not responsible.** Verify your passport is valid. Review all travel and health requirements, restrictions and regulations applicable to your itinerary for all destinations (if applicable, countries where you have a connecting flight), including but not limited to necessary visas and authorizations. Travelers must also review suppliers' terms and conditions, important notices, and any required documentation specific to their itinerary. Requirements change quickly and are subject to change without notice and you must check and recheck the up-to-date prerequisites regularly in advance of your departure.

**Travelers residing outside of the United States** are solely responsible for reviewing and complying with the passport, visa, entry, transit, and health requirements of their country of citizenship and/or residence, in addition to those required by each destination on their itinerary.

- **United States Real ID Change: FEB 2026.**  
[Learn more here for Real ID](#) and [Here for TSA Confirm ID](#)
- **Passport:** Must be valid for at least six months beyond your trip's end. The name must match EXACTLY across all documentation.  
[Apply or renew here](#)
- **International Travel Requirements:** Review destination-specific documentation and entry requirements.  
[Explore details here](#)
- **Visas:** Ensure any required visas are obtained prior to travel.  
[Check requirements here](#)
- **European Travel Requirements (estimated ETIAS Q4 2026):** An online pre-travel authorization for visa-exempt visitors. Learn about the new ETIAS system.  
[Find more information here](#)

- **European Union Entry/Exit System EES** A new electronic system replacing physical passport stamps at the border. Collects biometric data (fingerprints, facial images) and records your entry/exit dates. Pre-register passport data and facial image before reaching a border crossing point where the EES is in use. Data collection began in October 2025 and will be gradually introduced at border crossing points with full implementation by 10 April 2026. [Find more information here](#)
- **UK Electronic Travel Authorisation: UK ETA Effective January 8 2025:** Required for all travel starting January 8, 2025, initially including layovers. \*Update: You **may** not need an ETA to transit through the UK if you will not pass through border control ('airside' transit); however, highly recommend applying even for layovers. [Apply here](#)
- **Canada, Alaska & New England Advisory:** Under Canada's immigration law, if you have committed or been convicted of a crime, you may not be allowed into Canada or a cruise to Alaska or New England that includes Canada on the itinerary. Government of Canada - Find out if you're inadmissible [Find out here](#) and [and here](#). Also review [Travel and identification documents for entering Canada](#)
- **Mexico Travel Requirements:** Electronics allowance, arrival forms, and tax information. [Details here](#)
- **Quintana Roo Mexico Visitax** Tourists can pay before their arrival, during their stay, or upon exiting the state via a new website called Visitax. [Details here](#)
- **Baja California Embrace IT/Tourist Tax** Tourist Tax — pay before arrival [Details here](#)
- **Dominican Republic** Complete eTicket for each entry and exit [Apply here](#)
- **Caribbean Nations** Many Caribbean nations require digital immigration or customs forms (often called ED cards, C5 forms, or ETAs) prior to arrival to expedite processing. Key islands requiring these include Jamaica, Aruba, St. Kitts & Nevis, the Bahamas, Curacao, and many CARICOM members. Review Entry, Exit and Visa Requirements section via International Requirement Link. [Explore details here](#)
- **Travel Insurance:** Protect your trip with Allianz Travel Insurance available for US Residents. [Get a quote here](#)
- **Travelers Health:** Review vaccination requirements, health notices, and safety tips provided by the U.S. Centers for Disease Control and Prevention (CDC). Certain port countries may require proof of vaccination, i.e. COVID. You must check requirements for your own specific circumstances with the relevant Embassies and/or Consulates, and your own doctor as applicable. Check requirements from cruise line, resort and tour companies as well. [Visit the CDC website here](#)
